Pupazzo Hello kitty uncinetto o maglia
Scritto da beneamma - 06/12/2007 11:35

Qualcuno ha un modello per fare un pupazzo ad uncinetto o maglia di Hello Kitty? On line li ho visti a uncinetto e vorrei rifarli ma non ho trovato schemi da nessuna parte uffissimissima!!!!!!

Secondo Ravelry.com, Olosofia ha realizzato una serie di pattern basati su Hello Kitty. C'è anche in corso un KAL/CAL, sempre ospitato da lei, ma ristrettto ai membri del gruppo hello Kitty di Ravelry. per il patt, credo tu debba ravanare un po' sul blog.

Ho trovato un pattern, chissà come viene non c'è foto! Quanto è alto un Amigurumi?
Ecco qua comunque il pattern magari qualcuna vuole cimentarsi per Natale :-)

CROCHET HELLO KITTY DOLL
****
NOTES:
Depending on the type of yarn and size of crochet hook you use will determin the size of your Kitty. The first Kitty I made I used size3 mercerised cotton yarn and size G/6/4mm crochet hook. This produced a Kitty that was about 7 inches tall. Using the same hook zize and Lion Chenille Sensations stitched very tightly I made a second Kitty that was 5 inches tall. If you use heavier yarn such as chunky weight, you will probably get a Kitty that is about 8 or 9 inches tall. In all incidences I used luster sheen for the eyes and embroidery floss for the nose.
To keep things simple, I made these instructions for the basic Kitty with a basic
outfit. You can later make clothes for it yourself if you like. If you plan to do this, I would recommend doing the body white and changing to pink for panties half way down the body. Your choice!
Oh yeah! If I misspelled anything, please don't yell at me.
The entire Kitty is crocheted in rounds (unless noted). There are no accomodations for the end of each row. When you get all the way around a row, do not ch st to move upwards for the next round (unless noted), just keep going.
As you are working each round, you will find that the repeated stitches (Ex.sc5, inc1, repeat around) will not always add up to mount of stitches of that round. If the next round has inc/dec just treat the last inc from the previous round as the first inc for the next when the remaining # of sts before the inc is half or less and if it is greater than half don't do the inc before beginning the next round. If there is no inc/dec on the next round, just leave off where you are and begin the next round.
Clear as mud?
You may also want to use a marker, saftey pin or string to mark the beginning/end of rounds so you can tell where to begin the next round. Believe me, it helps!

OK OK the pattern...

HEAD:
Using white yarn, ch3 + join with sl st to make loop.

1) ch1, sc8 in loop (be sure to work your yarn tail into these sts-after this round is done, pull on the tail to close up the hole then continue crocheting over the yarn tail for at least half of the next round)
2) sc2 in ea. st around
3) inc1, sc3, rep. around

4) rep. rnd 3
5) inc1, sc5, rep. around
6) inc1, sc7, rep. around
7) inc1, sc10, rep. around
8) inc1, sc15, rep. around
9) inc1, sc20, rep around
10-14) sc around
15) dec1, sc20, rep. around
16) dec1, sc15, rep. around
17) dec1, sc10, rep. around
18) dec1, sc7, rep. around
19) dec1, sc5, rep. around
20) dec1, sc3, rep. around

BODY:
(yet another note-if you want to, you can work in a spot to create a look of the kitty having a shirt under the jumpsuit but in the interest of keeping the pattern simple I am not giving the instructions to do so.)
BO white and attach desired color for jumpsuit or keep going with white if you plan to make your own clothes later.

1) inc1, sc3, rep. around
2-3) sc around
4) inc1, sc5, rep. around
5) sc around
6) inc1, sc5, rep. around
7) sc around
8) inc1, sc3, rep. around
9-11) sc around

Before beginning round 12, stuff head firmly.
If you are making panties, you would change your color at this point.

12-14) dec1, sc3, rep. around

Stuff body firmly

15) dec1, sc2, rep. around
16+) dec1, sc1, rep. until opening is about the size of a dime, bind off and stitch hole shut

EARS: make 2 ch3, join with sl st to make loop

1) follow instructions for #1 of HEAD
2) sc3, inc1, sc3, inc1
3) sc4, inc1, sc4, inc1
4) sc5, inc1, sc5, inc1
5) sc6, inc1, sc6, inc1
6) sc7, inc1, sc7, inc1
7) sc8, inc1, sc8, inc1

Bind off leaving a tail appx 18" for stitching onto head

PAW: make 2
1) follow instructions for #1 of HEAD
2) inc1, sc1, rep. around
3) inc1, sc2, rep. around
4) inc1, sc3, rep. around
5) sc around
6) dec1, sc3, rep. around
7) sc around

At this point, if you are making with clothes already on, bind off and change to body color
yarn. If you have made a shirt under the jumpsuit, you wil want to use the color of the shirt here. If you are making clothes separate, continue to sc for 2 more rounds, bind off leaving a tail about 18" and you're done.

Sleeve-
8-9) sc around

10) ch1, turn, working in outside loop of st only for this round, sc around
11-13) working normally, sc around

Bind off leaving about a 20" tail, turn sleeve down toward paw and tack stitch to arm then draw yarn up under sleeve to the opening. Tack stitch to edge.

LEGS:
ch6
1) sk 1 st, sc2 in next ch, sc1 in each of next 3 ch, going around to other side of ch, sc3 in next st, sc1 in next 4 (the 4th sc is the jump up to the next round but there is no need to ch1 first)
2) sc3 in 1 st, sc next 5, sc3 in 1 st, sc next 6
3) sc3 in 1 st, sc next 7, sc3 in 1 st, sc next 8
4-5) sc around
6) dec1, sc around
7) dec1 at same point as previous round, sc around
8) dec1 twice at same point as previous round, sc around
9) sc around

At this point, if you are making with clothes already on, bind off and change to body color yarn. If you are making clothes separate, continue to sc for 2 more rounds, bind off leaving a tail about 18" and you're done.

Pantleg-
10-11) sc around
12) ch1, turn, working in outside loop of st only for this round, sc around
13-16) working normally, sc around

Bind off leaving about a 20" tail, turn pantleg down toward foot and tack stitch to leg then draw yarn up under pantleg to the opening. Tack stitch to edge.

EYES:
Using black Luster Sheen
1) follow instructions for #1 of HEAD
2) ch1, sc2, inc1 in ea. of next 2 sts, sc2, inc1 in next 2 sts (if making kitty using chenille and it is stitched tightly, this will be large enough for an eye, follow the binding off instructions following #3)
3) (if making Kitty with size 3 cotton, do this round too) sc4, inc1 in ea. of next 2 sts, sc4, inc1 in next 2 sts bind off yarn leaving a tail about 24" long for stitching eyes on and whiskers on same side of head.

NOSE:
using gold (or pink if you prefer) embroidery floss
Work same as for eyes. Bind of leaving a tail about 18" for stitching on.

BOW:
ch11, sk1 ch, sc accross, ch1, turn. Repeat for ten rows. While yarn is still attached, (bow wrap) ch9, sk 1ch, trc across 8sts, join to square with sl st, bind off leaving a long enough tail to stitch 'bow wrap' in place and to stitch bow onto head.
Now take the square and fold it in half corner to corner (bow wrap side to opposite side).
now fold the bow wrap corner and opposite corner down so that bow wrap corner and opposite corner are on first fold, wrap the bow wrap around this and stitch in place. You will most likely have to stretch the bow wrap to get it all the way around...
...this is a good thing.

ASSEMBLY:
Stuff ears, arms and legs firmly. Be sure to push stuffing in real tightly and about 1/2"
below edge to keep out of the way of stitching or
it will be drawn out with the yarn and look messy.
Use any sort of needle you like for stitching on the arms, legs, bow, etc. but you will need a sharp needle to do the eyes and whiskers. Stitch in their appropriate places. Stitch on nose so that the top of the nose is in line with the bottom of the ears and centered. Stitch eyes onto face with the bottom of the eyes aligned with the bottom of the nose referring to the picture for placement. Once you have an eye stitched on, use the remaining tail of yarn to stitch on the whiskers. To stitch the whiskers, be sure to dig your needle down into the stuffing so that the black yarn doesn't show
under the white face. Refer to the picture for the placement of the whiskers.

Boh, credo sia alto quanto una agrume... Sai, per assonanza...

Su quel blog l'hai trovato? Perché se non c'è sul blog devo segnalare ai mod di Ravelry che l'indicazione del pattern è farlocca.

Allora, pupazzo HK all'uncinetto (un po' strambo, in realtà ma è gratis ;-))
http://dotscrochet.blogspot.com/

Qui c'è la foto di un cappellino, il pattern non è difficile da intuire, anche se non c'è.

foto

Qui vendono i pattern:

Se cerchi comunque hello kitty crochet pattern amigurumi trovi un po' di cose.

Buona caccia!

Grazie :-)
La bambola Hello Kitty della foto è un tantino su di peso mi sa che deve fare la dieta hi hi hi :-)
Di solito le braccia sono più piccole, comunque l'ho salvata non si sa mai, poi ho comprato un pdf da www.etsy.com così appena arrivo mi cimento a far bambole!

Weresloth, ti vedo un po' in crisi informatica, consiglio un check-up, in alternativa un check-in:
in un giorno solo sei riuscita a postare doppio in un altro thread (già sistemato)
e qui a buttarmi il forum fuori dal monitor, che a 1280x1024 non è neanche facile, con un URL chilometrico (accorciato, come vedi).
e questo nonostante in Knit-off abbia, qualche giorno fa, scritto un ricco tutorial su come linkare gli URL.
è un'operazione semplice, ma bisogna seguire le istruzioni... ;)

...
oggi dev'essere la giornata delle non-mezze-misure, hai fatto un post di circa 10 spanne di altezza, l'ho ridotto a 5 spanne che è già molto...
... maaa... siamo sicuri che quel pattern sia free e possa essere pubblicato così bel bello? non c'è un copyright? :unsure:

_____

Si è un progetto free se guardi nel link c'è scritto solo di non usarlo a fini commerciali ma personali. Non credo che nessuno di noi vada a vendere pupazzi di Hello Kitty :-)

Ora guardo on line :-)))
Tra l'altro io il tedesco lo so quindi non ho neppure problemi :-)
Pensavo di fare degli amigurumi per le colleghe per Natale!
